

The Garden Map

Rideau Woodland Ramble was named Canadian Garden Council Destination Garden Centre of the Year in 2015.

In 2017, we were designated a Canada 150 Garden Experience as part of the sesquicentennial celebrations marking Canada 150th Birthday. These awards and the support of many friends and customers over the years truly speaks to our vision of creating a garden experience.

The white area on the map is the garden centre. The brown trails depict the garden areas you can ramble. Check out the **Art of David Dunn** in the Pavilion Gallery.
